

WE CLAIM:

1. An animated or non-animated body candy pop device in which said animated or non-animated body is made of a pliable material, and

a candy pop adapted to be secured to a body portion of the animated or non-animated body.

2. An animated or non-animated body candy device as set forth in claim 1, wherein

said animated or non-animated body may have a bendable stiffener material in the body which permits forming different shapes.

3. An animated or non-animated body candy pop device as set forth in claim 1, wherein

the candy pop is secured to an appendage of the body portion.

4. An animated or non-animated body candy pop device as set forth in claim 3, wherein

the candy pop is secured directly to the appendage.

5. An animated or non-animated body candy pop device as set forth in claim 3, in which

the candy pop is secured on a stick which is held on said body in a stick holder.

6. An animated or non-animated body candy pop device as set forth in claim 5, in which

the stick holder is of an expandable type.
